SIMPSON AND THE BILLS STUN THE LIONS 49-35 IN A RECORD SETTING GAME TO WIN SUPER BOWL XII!

There was just no stopping Buffalo Bill's OJ Simpson who explodes for his second 100-yard kickoff return of the game. His 205 rushing yards, 423 special team yards, and A RECORD BREAKING SEVEN TOUCHDOWNS with 623 all-purpose yards is a Super Bowl record!

Pasadena, CA March 26, 2017. The build-up to this Long Island EFL Super Bowl XII was like no other. We had the defending #16 LIEFL-Ranked All-Time, 2016 Super Bowl XII Champion, NFC Detroit Lions (7-2) (66-71), who rallied their way into the game against the #12 LIEFL-Ranked All-Time AFC Buffalo Bills (7-3) (75-73), as two Wild Card teams clashed for the first time in the history of Long Island Electric Football.

This Super Bowl became a mismatch by the end of the first quarter with Buffalo's OJ Simpson simply playing a brilliant game. Never before in the history of this league has a player reached the height that Simpson achieved this season. Every opportunity the Bills had, they took advantage of and made Detroit pay! Simpson silently entered the game with a "take-no-prisoner attitude" and he knew that behind rookie guard All-Pro Marcel Dareus, Simpson would find a way to keep the game close. It's not like the Bills were playing just anyone. They faced an NFC powerhouse in three-time NFC Championship Game finalist in Detroit.

OJ Simpson blasts his way right through Detroit's Doug English (78) into the end zone led by Lineman Dee Hardison. It was Buffalo all day long!

Detroit made it to the NFC Championship Game for the third season in a row, and the only team in their way in the NFC was the New York Giants who they lost to in 2008 45-35 in the NFCCG. but they beat the Giants in 2016 31-14 to get to win LIEFL Super Bowl XI beating the New England Patriots 42-17! The Wild Card Lions had to beat Arizona 45-38, in the NFC Divisional Game, and in the NFC Divisional Championship Game they beat the hot San Francisco 49ers 21-20. In the NFC Championship Game, the Lions edged the Minnesota Vikings 45-41!

Buffalo could do no wrong in the post-season. The Bills man-handled and dominated opponents like no team we have ever seen through our second-ever Draft, as the Bills destroyed the resurging Cincinnati Bengals in the Wild Card Game 42-28, and then they embarrassing the top seeded Cleveland Browns (5-2), who earned the #1 defense in the LIEFL, 42-14, and finally, the Bills crushed the offensive firepower of the Houston Texans 43-26 and Ron Dayne in the AFC Championship Game! The Bills outscored opponents 130-68 in the post-season!

Bussy runs back an amazing 100 kick return for a TOUCHDOWN! Bussy was held to just 58 yards rushing, but had a huge day on special teams with 429 yards on 7 returns with 2 TD'S!

The Buffalo Bills had all of the momentum going their way. They went from (2-5) in 2016, to a (7-3) Super Bowl contender in 2017! Simpson and the "Electric Company" demolished opponents and opened eyes all season long beginning with that 21-14 beating they gave the tough Baltimore Ravens to open the season, but never did anyone expect the Cinderella Buffalo Bills to do the impossible on Sunday. All Buffalo running back OJ Simpson needed was a wall of blockers—he'd do the rest, and he got nothing less from that star-studded offensive line of the Bills. Well, the "rest" was 35 touchdowns in total for the season, 200 rushing yards in four straight post-season

playoff games, and a record-setting 623 all-purpose yards in Super Bowl XIII with seven touchdowns! How's that for performance?

The league is far different from ever before, and with the rebuilding of any team who wins only two game the previous season, The Long Island EFL is rebuilt to make each team as competitive as possible, so each team goes through a rigid stress test as each individual player gets vetted, retested, and challenged against the very best player bases in the league, just like other EFL'ers do around the country.

The Bills showed that as a (4-3) Wild Card team, on any given day, the possibilities are unlimited in this league when you engage in a draft that changes the face of the team. The Bills believed in the synergy that got them here. Going up against the superstar Dexter Bussy was a great challenge for Buffalo.

The Juice had an endless supply of offensive firepower as he dashes into the end zone untouched.

After the Lions opened the game with a Dexter Bussy 66-yard kick return. A few plays later it was Detroit 7-Buffalo 0. With a 21-17 lead at the half, Buffalo's Electric Company plugged in and took charge with Simpson at the helm, just as he had been against Cincinnati, Cleveland, and Houston in this tournament of champions

In the second half the fireworks ignited. OJ and the Bills stormed down field and scored on Simpson's 5th TD of the game, a 6-yard dash putting Buffalo up 28-17. The Lions then took time to drive the field as Detroit's Herman Moore took back his second of three TD's with an 18-yard strike into the end zone making it 28-24 Buffalo.
This is when the Bills turned the vantage point of the game and never looked back with the score 35-24. Dexter Bussy stormed back with 100-yard kick return for a TD, 35-31. The Bills then answered with two back to back 100-yard kick returns for TD's as OJ Simpson and the Buffalo Bills put on the afterburners beating the Detroit Lions 49-35 to win a shocking first ever Super Bowl. OJ Simpson walked away as the hero for the Buffalo Bills with Super Bowl XIII MVP Honors in a game that goes down as one of the top three Super Bowl's in LIEFL history as Simpson and the Bills made this a business as usual day but didn't let the status of Detroit faze them. Simpson sent a message with 237 yards rushing in the game with seven touchdowns!

Last year's Super Bowl XII MVP Dexter Bussy ran in to a solid Preston Jones, who led the Bills defense helping to shut down the powerhouse Lions.

SUPER BOWL
